　　　　continue to enter the same fingerprint.

Step 4: Enter the fingerprint 5 times successfully, then you can

　　　　unlock it.

三、恢复出厂

步骤1 长按锁杆10秒进入恢复出厂模式

　　　　（红蓝灯闪烁加快）

步骤2 管理员指纹授权确认

步骤3 成功后即恢复出厂 任何指纹都能开

　　　　流程回到录入指纹

三 . Restore factory settings

Step 1:Press the lock lever for 10 seconds to enter "factory

　　　　restore mode" (red and blue lights flash quickly)

Step 2: Confirmed by the administrator′s fingerprint, then

　　　　remove the all fingerprints.

Step 3: When factory Settings are restored, any fingerprint

　　　　can unlock,Process back to 'fingerprint entry mode'.

开锁
Unlock

关锁
close and lock

*出厂前任何指纹都可开锁

Factory Settings：Any fingerprint can unlock.

*同一指纹采集边缘会更灵敏

Different angles of fingerprint collection, it will be more sensitive

4 LED灯状态 Status of LED indicator

充电状态 Charging status

充电中：红灯常亮 充满：红灯微亮

Charging : Red light is always on Fully charged : Dim red light

指纹录入模式 Fingerprint entry mode

没有管理员：红灯闪烁

No administrator : Red light flashes

有管理员：红蓝闪烁

Have an administrator : Red and blue light flashes

恢复出厂 Restore factory settings

红蓝闪烁从慢闪到快闪

Have an Red and blue light flashes, from slow to quick

指纹反馈 Fingerprint Feedback

指纹成功：蓝色亮

Enter successfully : Blue light flashes

指纹失败：红色亮

Enter failed : Red light flashes

电量反馈 Battery feedback

开锁后蓝灯闪烁：电量正常

Blue light flashes after unlocking : Battery is normal

开锁后红灯闪烁：电量不足

Red light flashes after unlocking : Low battery

5 产品参数 Product Parameter

工作电压	DC 3.7V
后备电池	100mAH 软包锂电池
待机功耗	＜25uA
机身颜色	白银色
外壳材质	锌合金
机身尺寸	L81*W45*H13.5mm
重量	106g±1g
工作温度	−20℃至+60℃
储存温度	−40℃至+85℃
充电速度	约25分钟充满／5V输入Micro USB
工作时间	最长约使用5个月（平均一天开4次）
开锁方式	指纹开锁
指纹数	最高39组指纹
安全系数	A

Working voltage	DC 3.7V
Backup battery	100mAh Soft lithium battery
Standby power consumption	< 25uA
body color	Silver
shell material	Kirsite
Dimensions	L81*W45*H13.5mm
weight	106g±1g
Operating temperature	-20℃至+60℃
Storage temperature	-40℃至+85℃
Charging speed	Micro USB 30 minutes fully charged, 5V input Micro USB
Working Time	Up to 5 months Unlock 4 times a day
Unlocking method	Fingerprint
Number of fingerprints	Up to 39 sets of fingerprints
Safety factor	A

6 注意事项 Notes

开不了锁 Unable to unlock
给设备充电 ／ 按下锁杆复位
Charge the device/Press the lock lever to reset

灵敏度低 Low sensitivity
指纹面沾水会影响开锁 ／ 越用越灵敏
Water on the fingerprint surface will affect the unlocking/
Become more sensitive after using more

低电量 Low battery
当开锁成功时亮红灯时请及时充电
When the red light is on after unlocking successfully, please
charge the device in time.

保 修 卡
Warranty Card

用户名称 User name		联系电话 Tell
